

# Pedestrian Entrance Control

Face Recognition - AndroidFace 7T

Face Recognition - Evolving the way you manage your pedestrian entrance control.

# Face Recognition - Access Control

## AndroidFace 7T

In the face of covid-19, Evolve has developed a real-time face terminal with temperature measurement and face mask detection.

The terminal uses TouchLess thermal imaging to detect the temperature distribution of the face. At the same time using infrared vivo and visible light face detection technologies for higher accuracy, security and stability.

### FEATUERS

- Embedded multi-language, English, German, Italian, French, Japanese etc..
- Single or multiple cameras connected via Ethernet.
