

Reception Control

Our reception and security remote activation consoles and fobs work with all our gates and turnstiles.

They enable receptionist and security guards the facility to allow entry or exit to staff or visitors who don't have the normal access control pass.

RECEPTION CONTROL

PUSH BUTTONS

Manufactured to order so that they can have your company name engraved on the aluminium front panel.

The panels is housed in a smart plastic enclosure ideal for mounting on top of or under a reception desk or on a wall.

They are fitted with industrial grade push buttons and key switches to provide simple control of a single or multiple lane systems.

Our standard single lane console is fitted with :-

- 1 No. Momentary push button for ENYTRY.
- 1 No. Momentary push button for EXIT.
- 1 No. Key switch for NORMAL/ HOLD OPEN.

The consoles can be bespoke to incorporate extra button and key switches to control multiple lanes.

Photos and information in this brochure are for reference only and may not reflect the actual product. Our brochures and product are subject to change without notice.

TOUCH SCREEN

Our reception touch screen console makes it easier for receptionist and security personally to: -

- Manage lane configuration.
- Allow ingress and egress of visitors.
- Active emergency hold open function for fire or other types of emergencies.

There are supplied in three options-

- Single lane.
- 1-3 lanes.
- 1-15 lanes.

All consoles are the same size just different firmware. Arrow keys on the bottom of the screen allow you to scroll through the lanes.

REMOTE FOBS

1, 2 or 4 button remote control 433.920MHz fobs offer a great solution to enable mobile security to open lanes when they are not buy the reception console.
